(By Associated Press.)

will sign themselves, stating their name and address and the amount of cotton they will thus hold. The cotton held will not be sold for less than 15 cents a pound, according to the pledges.

A representative of the association is to be sent into every one of the 817 cotton producing counties of the cotton belt at once. When the pledges are signed they will be sent to the central office of the association in Allanta.

association in Atlanta.

President Jordan says that half of the crop has already been sold at an average of 10 cents, and the spinners must have all the remainder. He believes that 15 cents for the remainder is a fair price, and it will only average the spinners 121-2 cents, while they have based all their calculations on 14 cent cotton.
